

PRE-CONFERENCE COURSES – LIMITED SPACE AVAILABLE – PLACES MUST BE PRE-BOOKED

Friday 3rd May 2019		
10.00 - 19.00	Registration and Speaker Preview Open	
18.30 – 20.30	Exhibition and Posters Open	Grand Reception Hall
	Rooms E1&E2 (Level -2)	Rooms E3&E4 (Level -2)
12.30 – 16.00	CME Course A	CME Course B
12.40 – 13.10	Starting Home HD: What is Essential?	Peritoneal Membrane Function – The Basics
13.10 – 13.40	Training Home HD: Tricks and Tips	Advanced Membrane Training
13.40 – 14.10	Attitudes and Barriers to Home HD	Individualisation of Prescription
14.10 -14.30	Pre-Dialysis Education Programmes	Managing Infections on PD
14.30 – 15.00	Tea/Coffee Break	Foyer Level -2
15.00 - 16.30	CME Course C Rooms E1&E2	CME Course D D.1 Room E3 D.2 Room E4
15.00 – 15.30	The First PD Prescription	Case Study 1 - Travelling on RRT
15.30 – 16.00	Troubleshooting Volume Overload	Case Study 2 - Programming Non-Classic APD/Optimisation Problems
16.00 – 16.30	Troubleshooting Mechanical Problems	Case Study 3 - Supporting Emerging and Small Programmes

Friday 3rd May 2019 *continued*

16.45-18.30	OPENING PLENARY	Linhart Hall (Level -2)
16.45-16.55	Welcome from EuroPD President	
16.55 -17.10	Welcome from the President of the Slovenian Society of Nephrology	
17.10-17.25	Cultural Welcome	
17.25-17.45	EuroPD: Quo Vadis?	
17.45-18.30	Managing ESKD for All: What Options Worldwide	
18.30-20.30	Opening of the Exhibition and Welcome Reception	Grand Reception Hall Level 0

Saturday 4th May 2019

07.00–18.30	Registration and Speaker Preview Open	
08.00–18.00	Exhibition and Posters Open	Grand Reception Hall Level 0
08.00–09.30	Parallel Session 1.1.1 Volume: The Case of Sodium	Linhart Hall Level -2
08.00-08.20	Sodium Toxicity: Physiological Evidence	
08.20-08.40	<i>Sodium Toxicity: Epidemiological Evidence</i>	
08.40-09.10	Which Sodium Lowering Strategies Work?	
09.10-09.30	Live Q & A and Debate with the Audience	
08.00-09.30	Parallel Session 1.1.2	Room E1& E2 Level -2
	Workshop – How to Stimulate PD/Homebased Therapies – Track 1	
08.00-08.45	Track 1A : Growing Local PD Knowledge and Finding New Ambassadors	
08.45-09.30	Track 1B: Engaging with Patients to Ensure True Shared Decision Making	
08.00-09.30	Parallel Session 1.1.3	Kosovel Hall level -2
	Workshop – How to Stimulate PD/Homebased Therapies – Track 2	
08.00-08.45	Economic Barriers and Incentives to Enhance PD/Home Based Therapies	
08.45-09.30	Convincing our Non-Believing Colleagues	

Saturday 4th May 2019 *continued*

09.30 – 10.15	Plenary 1: Anaemia in PD in 2020	Linhart Hall Level -2
09.30-09.45	Iron Management in Homepatients – Options in 2020	
09.45- 10.15	Anaemia Management in Home Patients – Options in 2020	
10.15–10.45	Tea and Coffee Break	Grand Reception Hall Level 0
10.45–12.05	Parallel Session 2.1 Can This Patient do PD?	Linhart Hall Level -2
10.45-11.05	A Case of Low Vision/Dexterity Problems	
11.05-11.25	A Patient in Need of Acute PD	
11.25-11.45	The Nursing Home Patient	
11.45-12.05	The Failed Transplant	
10.45–12.05	Parallel Session 2.2 Solutions for Home HD	Kosovel Hall Level -2
10.45-11.05	Outcomes of Home HD	
11.05- 11.25	Self Cannulation – Is it Really a Barrier?	
11.25-11.45	Vascular Access in Home HD: Challenges and Solutions	
11.45-12.05	Presentation to be confirmed	
12.05	Lunch bags available for pick up before Industry Symposium	Foyer Level -2
12.30-13.30	Joint Industry Lunchtime Symposium (<i>non CME accredited</i>)	Linhart Hall Level -2
12.30-13.00	Presentation by Baxter Healthcare	
13.00-13.30	Presentation by Fresenius Medical Care	
13.30-14.00	Teas/Coffees/Dessert Station and Poster Viewing in Exhibition Area	
14.00-14.45	Session to be Announced	

Saturday 4th May 2019 *continued*

14.45-16.15	Parallel Session 3.1 – Improving Incidence of Home Based Therapies – (So you think you can PD?)	Linhart Hall Level -2
14.45-15.15	Clinical/Translational Topic : Peter Blake – the Ontario Project Experience	
15.15-15.35	Patient’s View on Modality Selection Experience	
	Result from Workshop 1 (Sat 08.00-09.30 session) Presented by new PD leaders (6 mins presentation & 4 minutes for discussion)	
15.35-15.45	Feedback - Growing Local PD Knowledge and Finding New Ambassadors	
15.45-15.55	Feedback - Engaging with Patients to Ensure True Shared Decision Making	
15.55-16.05	Feedback - Economic Barriers and Incentives to Enhance PD/Home Based Therapies	
16.05-16.15	Feedback - Convincing our Non-Believing Colleagues	
14.45-16.15	Parallel Session 3.2 – Infections in PD	Kosovel Hall Level -2
14.45-15.05	Intravenous or Intraperitoneal: What to Choose When	
15.05-15.25	Pro-resolving Mediators in Infectious Peritonitis	
15.25-15.45	Hand Hygiene and Infection Prevention – A Solved Problem?	
15.45-16.05	Infection : Lessons from PDOPPS	
16.05-16.15	Discusison and Q & A	
16.10-16.30	Teas/Coffees/Dessert Station and Poster Viewing in Exhibition Area	

Saturday 4th May 2019 *continued*

16.30-18.00	Parallel Session 4.1 – Basic Science: Morphology of the Peritoneum	Linhart Hall Level -2
16.30-17.00	Molecular Signature of Mesenchymal-to Mesothelial Transition	
17.00-17.30	Protein Kinase C Family in the Peritoneal Membrane Pathophysiology during PD	
17.30-18.00	Biocompatible Solutions and Structural Alterations in the Peritoneal Membrane	
16.30–18.20	Parallel Session 4.2 (Oral Presentations)	Kosovel Hall Level -2
16.30-16.40	Oral Paper 1	
16.40-16.50	Oral Paper 2	
16.50-17.00	Oral Paper 3	
17.00-17.10	Oral Paper 4	
17.10-17.40	Pro-Con Debate : A Based Therapy Should Have Dedicated Nurses 17.10-17.20 Pro: 17.20-17.30 Con: 17.30-17.40 Discussion with audience	
17.40-17.50	Oral Paper 5	
17.50-18.00	Oral Paper 6	
18.00-18.10	Oral Paper 7	
18.10-18.20	Oral Paper 8	
18.20	End of day	

3rd-5th May 2019, Ljubljana, Slovenia

Sunday 5th May 2019	
07.00-18.00	Registration and Speaker Preview Open
08.00-14.00	Exhibition and Posters Open
08.00-09.30	Parallel Session 5.1 Linart Hall Level -2 What do we Need to Study in Hometherapies and Why?
08.00-08.30	Basic Research Needs to Focus on Peritoneal Homeostasis
08.30-09.00	The Need for Supporting Patients Better
09.00-09.30	Presentation to be announced
08.00-09.30	Parallel Session 5.2 Workshop: Core Outcome: How can we Sing the SONG (ISPD Session)
08.00-08.30	Introduction: SONG PD: What and Why (ex Cathedra)
08.30-09.00	ISPD New Guidelines
09.00-09.30	Outcomes in Quality Improvement Initiatives (interactive panel discussion starting from a patient case)
09.30-10.15	Plenary Lecture 2 : The Bengt Rippe Lecture Linhart Hall Level -2 New Insights in Peritoneal Transport
10.15-10.30	Teas/Coffees/ and Poster Viewing in Exhibition Area
10.30-12.00	Parallel Session 6.1 Kosovel Hall Level -2
10.30-10.45	Improve PD – Presentation 1
10.45-11.15	Improve PD – Presentation 2
11.15-11.30	Improve PD – Presentation 3
11.30-12.00	Presentation to be announced

10.30-12.00	Parallel Session 6.2 Transitions: Be Prepared	Linhart Hall Level -2
10.30-11.00	Starting RRT	
11.00-11.30	Transitional from PD to HD: Epidemiology, Risk Factors and Outcomes	
11.30-12.00	Planned Transitioning to HD: How, Why and When?	
12.00-14.00	Parallel Session 7.1 (with packed lunch) What I have Learned New on Home Therapies Last Month	Linhart Hall Level -2
12.00-12.20	Patient Centred Peritoneal Dialysis Care	
12.20-12.40	Basic Science	
12.40-13.00	Clinical Home HD	
13.00-13.20	Basic Science	
12.00-14.00	Parallel Session 7.2 (with packed lunch) The Successful Training Programme	Kosovel Hall Level -2
12.00-12.20	Assessing and Improving Health Literacy	
12.20-12.40	Educating Patients; Which Models Work and Which Don't	
12.40-13.00	Barriers and Facilitators in Patient Training: The Audience' Experience	
13.00-13.20	Training the Trainers and other Professionals (Assisted PD): the Audience Experience	
13.20-14.00	Closing Session & Prizes	Linhart Hall Level -2
